

- Paths are marked with yellow tags tied to branches.
- If you see a yellow tag, follow the path – some paths are circular. Don't continue unless you see a tag.
- The Loop Road is a wide path and not always tagged
- The Eastern and Western paths have a path that joins them at the top to form a loop. We advise go **up** the Western and **down** the Eastern.
- On the western route is a loop road heading west – it rejoins the western route. It is called Lockdown route and the entrance is tagged with green and yellow tags.
- At the top of the western is a path going west to the Beacon, at the top of the Eastern is a path going east to the viewpoint at the top of the cliffs.
